

## **SBSN ADVISORY NO. 10**

### **SERIES OF 2022**

RE: Online Classes for August 8-12, 2022

Our Dear Parents,

It has come to our attention that one student of St. Benedict School of Novaliches, Inc. (SBSN) has been tested positive of the COVID-19 virus. While it cannot be ascertained where the virus was contracted, SBSN will not be taking chances on the health and safety not only of the students but also that of the whole SBSN community. Therefore, SBSN will be holding online classes from August 8, 2022 to August 12, 2022.

Moreover, during said period, SBSN will be thoroughly taking measures to ensure that the school is fully disinfected and safe for the resumption of face-to-face classes on August 15, 2022. Furthermore, please be advised that as a matter of added precaution, SBSN shall be coming up with health protocols that will be stricter than the minimum health standards imposed by existing rules and regulations. These guidelines will be made available to all within this coming week.

We hope that in these trying times everyone's cooperation and understanding is given. Rest assured that SBSN is exhausting all means necessary to balance the well-being of the whole SBSN community and its commitment to provide the best quality education possible.

Thank you and stay safe.

Yours in St. Benedict,

ATTY. JOSE MARIE E. FABELLA  
Chairman of the Board  
St. Benedict School of Novaliches, Inc.
